baseline

## AUSTRALIAN MADE... WITH EUROPEAN FLAIR

Baseline is a wholly Australian owned company offering 40 years' combined industry experience and expertise.

Our cutting edge designs are aligned with the latest architectural trends and compliment any contemporary environment.

All workstations, tables and joinery are manufactured by skilled craftsmen in Baseline's own Australian factories. Seating products are designed and made in both Australia and Europe.

With our own production facilities and long-term, trusted suppliers, Baseline can deliver standard and custom-made products for projects of any size – all within reliable timeframes and at reasonable prices.

Workstations carry GECA certification, Environmental Assurance and product declaration certification. Seating products carry AFRDI levels 5 and 6 ratings.
